Parental/Family Engagement	Please describe your parental/family engagement plan briefly (i.e. dates or frequency of parent events, P/T conferences, PTA meetings, etc.): In 2017-18, we started the year without a PTA. By October, we had an excited, willing, and hard-working group of parents who maintained their enthusiasm throughout the year. We, again, have this same group of parents heading into the 2018-19 school year. We just had our PTA drop a Spirit Rock on our front lawn to create an easy and fun way to raise funds for the PTA. I met this week with our Board to discuss items that our new teachers need (i.e classroom rugs). They are also ordering t-shirts for all students to have throughout the year for special school activities. This effort hopes to promote a sense of pride among grade levels, as well as, safety when our students are off campus. Our first PTA fundraiser is in September with our Book Fair and another PTA fundraiser will start in October (the Board is still confirming the details). At our SIT Retreat in June, we added to our montly meetings the fourth Monday of the month is our PTA Board meetings. Our SIT meetings are the first Monday of the month. Both will have representation from PTA and D7 staff. Their PTA bulletin board will once again highlight PTA happenings and our monthly parent newsletter will communicate PTA news in an effort to increase parent involvement. Our PTA is planning a breakfast for our staff on their first required workday and the iPads they ordered for us have recently come in and we will share with staff at that first meeting. The D7 PTA FB page maintained news for any and all thoroughout the summer and will continue to do so throughout the school year.	

Safe and Orderly schools	<p>The Cumberland County School System (CCS) has a commitment to excellence in providing a safe and healthy workplace. Safety of employees and students must be given first priority in every activity. To that end, all our employees have access to our district Safety Manual and Crisis Management Handbook on the CCS intranet. The Safety Manual is provided to help schools insure their day to day practices are in line with best safety practices, prepare for events that can be better managed with a safety plan, and outline protocols for handling potentially hazardous materials in our schools. Although a crisis is an event that is extraordinary and cannot be predicted, the Crisis Management Handbook was prepared to provide the principal and the local crisis team a quick reference guide of procedures to follow when a crisis occurs that affects the school.</p>
Review of the SIP plan and notification of changes	<p>As a part of our continuous improvement process, all schools create 2 year School Improvement plans. At the end of the first year of the plan and once test scores are received, the School Improvement Team will review both academic and organizational goals and make changes as needed. The superintendent's designee will be informed when the plan has been changed.</p>
